

TECHNICAL DATA SHEET

Liquid Soil Conditioner - Vermicompost Extract

Liquid extract derived from vermicompost

A GIFT FOR YOUR SOIL!

Product overview

El Regalo Organics liquid soil conditioner is a filtered liquid vermicompost extract derived from vermicompost produced with California red worms (*Eisenia fetida*) from organic feedstock. **The product is packaged in a sealed 1,000 L IBC tote and positioned without pesticidal claims.**

Category	Liquid soil conditioner
Origin	Ascension, Chihuahua, Mexico
Packaging	264.17 gal (1,000 L) IBC tote
Intended use	Soil conditioning and soil management applications
Regulatory position	Not intended for pesticidal use

Commercial presentation

Sealed 264.17 gal (1,000 L) IBC tote

Reference chemical composition

Historical reference analytical data for vermicompost leachate / extract. Analysis developed in the Environmental Laboratory of the UACJ. This laboratory is ISO 9000 certified and accredited by the Mexican Accreditation Entity (EMA). Values shown are reference values and should not be interpreted as a guaranteed lot-by-lot analysis.

Component	Unit	Concentration
Nitrogen	mg/L	30.10
Phosphorus	mg/L	32.66
Copper	mg/L	0.4714
Iron	mg/L	0.478
Manganese	mg/L	0.1375
Zinc	mg/L	0.1127
pH	-	8.64
Electrical conductivity	mS	5.81
Total dissolved solids	g/L	2.93

STORAGE & HANDLING

Store sealed in a cool, dry place away from direct sunlight and extreme temperatures.

Keep container closed when not in use.

Agitate before use if needed.

Do not allow contamination after filtration.

USE GUIDANCE

Concentrated product. Dilute before use.

Application rates should be determined according to crop, soil conditions, and agronomic needs.

Evaluate compatibility before broader use.
